1

Our family, who stepped into the button and accessory industry in 1962, left us with the principles of quality, self-confidence, respect, career, honesty, clarity, industriousness, recognition, awareness, reliability, and adopted the principle of carrying our flag from generation to generation, with the cooperation of three young, entrepreneurial brothers focusing on their goals to the world. Nesgo Moda Accessories and Tekstil Dış Ticaret Ltd Şti.

We are aware of the fact that our sectoral power is the result of our experience, as people who have learned by living that production can be made with robots using the latest system laser technologies, from the times when 6 employees were working to make a single button 61 years ago and the highest technology was the turning machine.

Our company produces in a fully integrated manner with ventilation, painting and purification units in a closed area of 13000 m2. Our company, whose production is carried out with Oeko-tex, CE and ISO-9001 Certificates, offers you the best it can by expanding its service network day by day.

As a result, NESGO considers the satisfaction of its customers as its primary goal. It always introduces new methods and applications to add value to its customers' business areas. Its commitment to doing this has been continually strengthened by the support its customers give to our business.

From grandfather to father, from father to son, from son to grandson, 2022 has been our 60th year in the industry.

CERTIFICATE

The company

Nesgo Moda Aksesuarları Ve Tekstil Dis. Tic.
Ltd. Sti.
Maltepe Mah. Gümüssuyu Cad.
Litros Ayvalidere Sok. No. 5 Kat. 2
34010 Topkapı/Istanbul, TURKEY

is granted authorisation according to STANDARD 100 by OEKO-TEX® to use
the STANDARD 100 by OEKO-TEX® mark, based on our test report
22.0.25842

for the following articles:

Transparent colourless and white buttons made of polyester.

The results of the inspection made according to STANDARD 100 by OEKO-TEX®, Annex 6, **product class I** have shown that the above mentioned goods meet the human-ecological requirements of the STANDARD 100 by OEKO-TEX® presently established in Annex 6 for baby articles.

The certified articles fulfil requirements of Annex XVII of REACH (incl. the use of azo colourants, nickel release, etc.), the American requirement regarding total content of lead in children's articles (CPSIA; with the exception of accessories made from glass) and of the Chinese standard GB 18401:2010 (labelling requirements were not verified).

The holder of the certificate, who has issued a conformity declaration according to ISO 17050-1, is under an obligation to use the STANDARD 100 by OEKO-TEX® mark only in conjunction with products that conform with the sample initially tested. The conformity is verified by audits.

The certificate 11.HTR.89121 is valid until 31.07.2023

Bönningheim, 26.08.2022
